

Perpetual

Exuberant Projection, Vibrant Response

- enticing playability
- vast tone volume
- clearly focused sound projection
- optimal response
- instantly reliable tuning stability

설명

Perpetual Viola Strings

Features

The impressive tonal potential of our Perpetual product line provides fullness and radiance with an overwhelming ease. An important and absolutely remarkable feature of the Perpetual is their immediate reliability which allows the player to trust in the strings tuning stability directly after installation.

Thanks to innovative materials and adopting new, carefully matched production methods, the development of PIRASTRO Perpetual resulted in a string set with a character not yet found in our product family. Within our range of viola strings, PIRASTRO Perpetual provides the largest sound volume and carrying power combined with a precisely focused sound projection. The clarity of its sound, however, does not diminish the abundance of colors Perpetual offers. Its vibrant tone attack and optimal string response seamlessly complement Perpetual's sound qualities from fortissimo to the most sensitive whisper.

The Perpetual viola strings react in an ideal way to the finest nuances in bow speed and pressure; this enables the musician to play with an extreme range of dynamics and expression. The innovative core material allows a comfortable smoothness during legato, shifting, string crossings, double stops and chords. The extended reverberation of the Perpetual brings forth an exuberant lustre.

Set

- A-steel/chrome steel-ball, D-silver, G-silver, C-rope core/tungsten

Gauges

- medium

Tailpiece Options

- All strings have a ball-end.
