

Evah Pirazzi Gold

A refined and powerful string

- modern synthetic core strings
- brilliant, golden tone
- impressive projection
- full-bodied sound
- outstanding playability and instant response

DESCRIPTION

Evah Pirazzi Gold Viola Strings

Features

- Evah Pirazzi Gold strings have a core made from a modern synthetic multifilament fibre.
- brilliant, golden tone
- full-bodied and big sound from the very bottom to the top of the register
- a wide range of sound colors
- The great dynamic range allows skilled players to explore confidently both the finest nuances of quiet passages and create powerful sonorities when playing close to the finger-board or using a strong bow arm.
- instant response throughout the complete dynamic range
- very short break-in time, even shorter than Evah Pirazzi and Obligato
- excellent tuning stability
- absolutely insensitive to variations in temperature and humidity

Steel A-string

- The new Evah Pirazzi Gold steel A-string has been further improved to provide superior responsiveness thanks to our unique construction method.
- This steel A-string has a grand, elegant and smooth tone even while being played in the higher register.
- Developed for the player looking for something slightly warmer than the Passione steel A-string.
- Great sound depth with no metallic sharpness to the ear.
- Enormous capacity and power.
- The steel core A-String Evah Pirazzi Gold blends well with our other sets of strings, especially the Evah Pirazzi, Obligato and Passione strings.

Set

- A-steel/chrome steel
- D- and G-silver
- C-tungsten-silver

Tailpiece Options

- All strings have a ball-end.
- A-steel string with removable ball.

Gauges

- medium

Sizes

- Evah Pirazzi Gold strings are available in 4/4.

Packaging

- envelope
- straight

Variations

- C Steel Rope Core/Tungsten:

With the new Evah Pirazzi Gold Viola C, we have followed the wishes of the many violists who have asked us to develop a steel rope core string which has a very powerful and dark sound color with a lot of depth and brilliance. This new C-string reacts to the smallest bow strokes and each bow stroke is instantly converted into a very harmonious sound image.

The core material is made of a high-precision steel rope cable which is wound with a fine tungsten wire that has been specifically developed for making musical strings. By combining the use of these specialized materials with our advanced winding process, we have succeeded in providing the tonal and playing characteristics that are so highly valued by the violist in the form of our new Evah Pirazzi Gold C.

The new steel rope core C of course fits well with the existing Evah Pirazzi Gold strings, but also beautifully harmonizes with other Pirastro viola strings.

Special Features

The core material of the string lines Evah Pirazzi Gold, Evah Pirazzi and Obligato consists of a new synthetic material that we have co-developed with our supplier and which we obtain exclusively.

We are convinced that this new core material is superior to other synthetic materials and steel, because:

- it offers an unmatched wide range of sounds,
- absolutely insensitive to variations in temperature and humidity, and
- it offers musicians an unknown dynamic range.

In combination with our newest production techniques we are now able to offer a new family of strings, which offer:

- a complex tone, rich with overtones;
- bring out finest nuances in pp and great depth in ff;
- great playability;
- outstanding response and
- outstanding tuning stability
- which can be used in any environment no matter the degree of humidity or changes of temperature.

Statement

Robert Cauer:

»I just tried out your new Evah Pirazzi Gold string set for viola. To my amazement these strings are not only a bit stronger than anything I have been using so far but they also improved the quality of the sound on that viola considerably. I usually have to put strings from different brands on the viola to make up for the naturally sharper sound on the A and the duller sound on the C string. There was no need to do this with these new strings. This new set makes some of my violas considerably more sellable. Congratulations and thank you. Robert Cauer«

MESSE NEWS 2014

We are glad to introduce a significant addition to our product family of viola strings based on synthetic materials: our new string Evah Pirazzi GOLD.

This new string set has the potential both to seduce

The Evah Pirazzi GOLD strings allow the violist to explore the finest nuances of the quietest passages or to play close to the finger-board with confidence. At the same time our strings respond immediately to high bow pressure, translating the violist's energy

and inspire the violists. On the one hand they enjoy the brilliant golden tone one would normally associate with gut strings; on the other, the tuning stability and extremely short breaking-in period equal the high standard set by our Evah Pirazzi and Obligato strings.

The sound of the Evah Pirazzi GOLD is full-bodied from the very bottom to the top of the register and the design of the individual strings has been so carefully matched to one another allowing for effortlessly smooth transitions from string to string. This gives the strings both a marked presence and clarity and outstanding pedal-like resonance which is the secret of its seductive powers.

into powerful sonorities.

Such responsiveness means that violist and instrument connect without the slightest delay.

The innovative material used in the A-string of our Evah Pirazzi GOLD offers excellent response and a large, noble, and smooth sound to the very top of the register.

This A-string offers a big deep tone without metallic harshness.
